Country Paper of the West.

ssued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

All Banks Close Saturday—All banks in Salt Lake will be closed Saturday, Feb. 12, on account of its being Lincoln's birthday.

Lecture on Esperanto—Arthur Baker an Esperanto lecturer from Chicago, will lecture on this theme this evening, in room 232 Commercial club building, to which admission is free. Mr. Baker is editor of "The Amerika Esperantisto."

Information Sought—The bureau of Information is in receipt of a communication from J. G. Cameron, 292 Sumner street, Akron, Ohio, requesting the address of Joseph or Margaret Laws, formerly of West Weber, Weber county, Utah. Any information that can be furnished will be greatly appreciated by Mr. Cameron.

Admitted to Membership—John Q. Critchlow, Edward M. Ashton, George Kienke and Nicol M. Long were admitted to membership in the Real Estate association, at Wednesday's luncheon. Secretary Perkes was instructed to write to the Jewish immigrant bureau at Galveston, stating conditions obtaining in this state.

Death Follows Operation—B. E. Lewis of Scotheld, died at the Holy Cross hospital Tuesday night after an operation for appendicitis. He is survived by a wife and four children, residing at Scotheld. The body was sent to the undertaking parlors of C. H. Banks of Murray and will be shipped from there to Scotheld where the funeral takes place Sunday at 1 p. m.

Fined for Crucity—In Justice Bishop's court Tuesday afternoon Frank Sloan, charged with crucity to animals by failing to feed them and by working a horse suffering from a sore shoulder, was found guilty and fined \$25. It was brought out during the trial that Sloan had struck a horse on the head with a stone because the half starved animal did not travel fast enough.

Opening of Lent—Special services were held on Ash Wednesday, the first day in Lent, in the Episcopal and Catholic churches, Masses were said and ashes blessed and distributed to the faithful in the Catholic churches, with special services for the children, Stations of the cross will be said Friday. There were ritualistic services in the Episcopal churches morning and evening, with sermons.

"Uncle Dick" is III—"Uncle Dick" Sutton, proprietor of the Grand, came down from Butte, Sunday, and on the way was attacked by a severe case of lagrippe, and has been suffering considerable since. Complications have arisen, and Mr. Sutton's hearing has been impaired He has sent to Butte for Mrs. Sutton, who will come to Salt Lake, arriving here probably today. His case is not thought to be critical, however.

critical, however.

One More Chapter—Work comes from Los Angeles to the effect that Mrs, Bertha Sonnenberg, the divorced wife of the former manager of the Orpheum theater, and N. J. Ocksreider, who was arrested in this city several months ago and held for the Los Angeles authorities, were married Saturday immediately after the release of Ocksreider from the county jail at Los Angeles. The man was arrested on the charge of embezzlement but the prosecution failed to make a case against him.

Zion's Savings Bank & Trust Co. Transacts a general trust business and pays 4 per cent interest on sav-ing deposits. Joseph F. Smith, presi-dent; Anthon H. Lund Vice President; O. C. Beebe cashier.

MARTIN COAL CO., 47 SO. MAIN. All kinds of coal, well screened and promptly delivered.

BUSINESS CHANGES.

S. M. Taylor & Co., successors to Joseph E. Taylor, undertakers and embalmers, same address, 251-3-5 East First South.

FIRST CARLOAD OF CEMENT.

New Company Starts Operations by

The first carload of cement from the Ogden-Portland Cement company has been received by Morrison, Merrill & ogaen-Portland Cement company has been received by Morrison, Merrili & Co., of this city. The new cement company works and deposits are located in Boxelder country, three miles northwest of Brigham City, near a little dry lake that is bisected by the Oregon Short Line main line to Butte. Here it was recently discovered that the old bed of this lake contains all the necessary ingredients for the manufacture of a superior quality of cement. The quantity of mari and clay is inexhaustible, as it spreads over many square miles, and the deposit is quite deep.

Construction work on the works, located between Brigham City and Corline, was commenced seven months ago, and the first carload of the product reached this city Wednesday. The capacity of the mill is 700 barrels a day, but the intention is to increase this as the business justifies.

The officers of the company are W. J. Bell, president; H. C. Day, vice president; R. E. Bristol, secretary and treasurer.

SORE LUNGS AND RAW LUNGS,

Most people know the feeling, and the miserable state of ill health, it indicates. All people should know that Foley's Honey and Tar, the greatest throat and lung remedy, will quickly cure the soreness and cough and restore a normal condition. Ask for Foley's Honey and Tar. Schramm-Johnson Drug Co.

UNIMPEACHABLE.

UNIMPEACHABLE.

If you were to see the unequalled volume of unimpeachable testimony in favor of Hood's Sarsaparilla, you would upbraid yourself for so long delaying to take this effective alterative and tonic medicine for that blood disease from which you are suffering. It eradicates scrofula and all other humors and cures all their inward and cutward effects.

Take Hood's.

2

OGDEN AND RETURN, \$1.00.

Via D. & R. G. Feb. 11th. Account Boxing Exhibition. Pete Bullivan Vs. "Birdleg" Collins. Trains leave Salt Lake at 10:25 a. m. and a "special" at 7 p. m. returning to leave Ogden 30 minutes after close of contest.

MEXICAN RAILWAY TROUBLES ENDED

Officials and American Employes Reach an Amicable Agreement.

MEN WILL REMAIN WITH ROAD

Terms of Unique Settlement Not Di vulged, but Claimed to be Satisfactory to All Concerned.

Mexico City, Feb. 9.-There will be no walk out of American engineers and conductors in the employ of the National Railways of Mexico. The employes and the management today agreed upon terms of settlement of their differences. The agreement was signed at 2:30 o'clock today in the office of E. N. Brown, president of the railroad. Mr. Brown signed the document as the representative of the railroad, and the chairman of the com-mittee of engineers and conductors

signed for the men. The conductors and engineers are en-tirely satisfied with the terms which include assurances that the policy of the rallroad as recently outlined will be survised out.

the railroad as recently outlined will be carried out.

E. N. Brown issued the following statement this afternoon:

"A satisfactory adjustment has been reached between the company and the committee of the engineers and conductors, the settlement being in line with the policy set forth in the resolution of the board of directors, which was published some time ago. The settlement is considered mutually satisfactory."

Theodore Curtis of the Order of Railroad Conductors of America, and Vice

road Conductors of America, and Vice Grand Chief Corrigan of the Brother-hood of locomotive Engineers, author-ized the following:

ized the folowing:

"A satisfactory settlement of the differences between the conductors and
engineers and the management of the
National Railways of Mexico was effected at a meeting with President
Brown today, and the agreement was
signed this afternoon. The committee
representing the engineers and conductors has received satisfactory assurance that the policy of the board of
directors will be carried out by subordinate officials."

DETAILS KEPT SECRET.

The wording of the agreement may not be published. Both the employes and the railroad officials refuse to di-vulge its contents except in the most

general way.
The fact that the men voted almost The fact that the men voted almost solidly to resign from the service in the face of the denial of their demands by the railroad management has given rise to rumors that the company conceded several important points to effect a settlement, but this is officially denied. Likewise, the employes deny that they receded from the position they have maintained since the trouble first be-

gan.

The road does not propose to discontinue employing foreign citizens, and much less to exclude those who are already serving by reason of their nationality, but to give the Mexican citizens, for reasons which are obvious and publicly known, a chance and the opportunity to be promoted to responsible positions in the service of the railways, always when this may be coupled with an efficient and safe operation of the company's lines.

In order to carry this into effect the instructions of the board of directors have been, and will continue to be, that whenever a vacancy occurs it will in all preference be filled with Mexican employes when they have both the competency and qualifications required therefor, and for this purpose the company has appointed competent and impartial committees which will continue to act in order to examine candidates or applicants to the positions of engineers and conductors, and one of the members of these examining boards will be selected by the executive officials from the engineers and conductors in service.

Vice Grand Chief Corrigan of the Brotherhood of Locomotive Engineers sent a telegram to W. S. Stone, head of the union in Cleveland, O., today, informing that officer of the settlement.

SETTLEMENT UNIQUE.

said:
"When the agreement was signed all differences between the men and the railroad management ceased. There are a few smaller matters to be adjusted, but the main questions are settled. We cannot give out the terms of agreement."

Union leaders agree that the settlement "is the most unique and extraor-dinary that has ever been made," and just how it came about probably never will be known outside of those who were instrumental in bringing it into

HEARING WILL BE HERE.

Session of Interstate Commerce Com

mission on Harriman Merger Suit. mission on Harriman Merger Suit.

A session of the interstate commerce commission will be held in Sult Lake City on March 2, according to a telegram received by Chief Deputy United States Marshal Smythe from the secretary of the commission, in which a request is made that a courtroom be reserved for the use of the commission on the date named. It is probable that the hearing has reference to the government suit to dissolve the Harriman lines merger, which holds a session in New York beginning Feb, 15.

THISTLE CUT OUT.

Roundhouse to Be Abandoned, New One for Springville Instead.

One for Springville Instead.

(Special to The News.).

Thistle, Utah, Feb. 10.—It is now regarded as certain that the new roundhouse to be constructed by the Denver & Rio Grande Railroad will be built at Springville and not at Thistle, and that when the Springville structure is finished the roundhouse at this point will be abandoned. In the event of this happening, there will be little left at Thistle except the section gangs and a few station hands.

RAISE RATES ON HATS.

Express Companies Strike Telling Blow
At Mushroom Hat Industry.

The "mushroom hat industry" was dealt a body blow at a recent hearing before the interstate commerce commission held in Chicago, when the express companies announced another increase in the rates on transporting millinery. The inquiry into the rates was conducted before Commissioner James S. Harlan, and a large group of man milliners stood looking on when the express companies told why the rates in force now were nearly twice what they were in 1906. The hat makers had gone before the commission to find out why this was so, and C. W. Stockton, who did the talking for the express companies, told them.

"When we first began making rates"

Hall's Catarrh Cure is the only real election and mucos surfaces of the sensitive our now known to the medical fraternity. Catarrh Hall's catarrh Cure is the only real election and mucos surfaces of the sensitive our now known to the medical fraternity. Catarrh Lall's caterin Cure is the only real election of the disease, requires are constitution and real election of the disease, requires are constitution of the disease, requires are constitution and real election of the disease, requires are constitution of the disease, requires are constitution of the disease, requires are constitutio

on women's hats," said Mr. Stockton,
"the hats were small, neat, compact
affairs, that looked like a pat of butter
and were fastened to the wearer's head
with a bit of string. We charged by
the pound at that time. Since the
the hats have been growing steadily
in width, height, length and the fourth
dimension, but they haven't grown an
ounce in weight.
"Why, five years ago, you could get
from 500 to 3,000 women's hats into an
ordinary express car. Now you have to
take out the double doors to get one in.
"Another thing: These hat people
have been coming to us demanding
damages for dents which our expressmen make in these hats occasionally.
Why, everybody knows that the more
dents a hat has in it, the better hat
it is."

ROAD INCREASES CAPITAL.

cheyenne, Wyo, Feb. 9.—The Den-, Larumle & Northwestern railroad lay filed a charter with the secretary state. It is reported that the new npany will take over the holdings of Denver, Laramle & Northwestern rallway, increasing the capital of the company from \$5,000,000 to \$30,000,000. It is said that the company is planning extensive developments in Wyoming, with 200 miles of construction work promised for this summer.

Mr. E. A. Kelley, Belvidere, Ill., writes us: "I am an ex-engineer with 22 years' active service to my credit. About three years ago my kidneys were affected so that I had to give up my engine. First I was troubled with severe aching pain over the hips. Then followed inflammation of the bladder, and specs appeared before my eyes. A sample of Foley's Kidney Pills that I tried, so benefited me that I bought more. I continued to take them until now I can safely testify they have made me a sound and well man." WATER METER EXPERT SAYS CITY IS LUCKY

Clear Pure Mountain Supply Affords Pressure and Facilities Few Municipalities Enjoy.

Between 100 and 200 water meters for the large water consumers in Salt Lake will be installed within the next 30 to 60 days. Sealed bids for furnishing these meters will be opened at the water works department at 2 o'clock Friday. It is understood the bidding will be lively and competition close water works companies bidding. The neters to be installed will cost from meters to be installed will cost from \$8 apiece up to as high as \$250 for the largest. The total expense for this lot of meters will probably run close to \$5,000. It is customary for the muni-cipallities to require the consumer to pay for the meter on installation. There are nearly 15,000 water taps in Salt Lake, but only about 450 water meters in use. The railroads, the breweries and the laundries are the largest consumers of water.

meters in use. The railroads, the breweries and the laundries are the largest consumers of water.

"Your water rates here in Salt Lake are very low, in comparison with eastern cities," said A. H. McAlpine of Columbus, O., general western agent of the Hersey Mfg. company with works at Boston, who is at the Cullen, "In most cities consumers are paying around 20 cents a thousand gallons, while here it is as low as 6 and 7 cents. The principal reason is, that your water comes tumbling down out of your mountains, clear and pure, affording a pressure of 85 pounds to the square inch, while other places have to pump and purify, a very expensive process. This makes conditions very different, and should give you cheap water.

"In most cities every consumer is required to use a meter, private residences not excluded. It is the only equitable way. The small meters cost about \$8. The meter is practically ever lasting and extremely accurate. Big improvements have been made in the

about \$8. The meter is practically ever lasting and extremely accurate. Big improvements have been made in the past 20 years. I've been in the water works business 25 years now, and handled meters 10 years. They are now as accurate as good watehes. Some are made so near perfect they do not vary half of one per cent. Most cittes require a not greater than 2 per cent variation in meters. The mechanism is simple, a valve or piston which receives a measure of water, its each revolution being recorded on the outside dial. "This is my first visit to your city. I find Salt Lake progressive, attractive and decidedly interesting—thoroughly western, with western enterprise and your greatest attraction. The great amount of building and other improvements found on every hand marks a degree of progress seldom seen in cities of this size. I intend to stay over and take in your great salt sea attraction and tabernacle next Sinday.

and take in your great salt sea at-traction and tabernacle next Sunday.

A SAFE GUARD TO CHILDREN.

A SAFE GUARD TO CHILDREN.

"Our two children of six and eight years have been since infancy subject to colds and croup. About three years ago I started to use Foley's Honey and Tar, and it has never failed to prevent and cure these troubles. It is the only medicine I can get the children to take without a row." The above from W. C. Ornstein, Green Bay, Wis., duplicates the experience of thousands of other users of Foley's Honey and Tar. Schramm-Johnson Drug Co.
